

Jewellery you make yourself to collect and exchange with your friends

- Klixxy™, a new generation of creative products for preteens, in three theme sets...ocean flowers, lavender dragonfly and sapphire butterfly.
- Klixxy™, intelligently combining jewellery making with innovative technology...the accessories are magnetic, multiplying possible combinations (6 different combinations per set). A necklace and a pendant can be transformed in a moment into a bracelet and two earrings, for example.
- Each set contains magnetized pearls, several decoration accessories and a matching diamond. All the accessories are interchangeable from one model to another.
- Box size is ideal for slipping into a Christmas stocking.
- 8 to 12 years

A new family of characters with Tutti Frutti™ modelling clay

- Tutti Frutti™, the modelling clay preferred by kids...and daycares. Created in 1993, scented and available in more than 30 scents, rehydratable, non-sticky and non-toxic, it is still the only modelling clay made in Canada.
- Nearing its 15th anniversary, the Tutti Frutti™ line of products has more zing with a new recipe that makes the clay softer than ever and reduces dehydration, comes in new packaging in shimmering colours and...
- ...a whole new family of characters... the Dohbodies™ and their fire brigade.
- An ideal kit to discover the marvellous world of modelling clay, stimulate creativity and develop the little ones' skills.
- The kit includes three containers of modelling clay, a "roll and press" truck to create characters, three Dohbodies™ and accessories.
- 3 years and up

Plodding Cow - Take a stroll at home in good company

- A cow to take for a walk that counts the kilometres (symbolically) playing a musical tune.
- The rhythm of the song corresponds to the speed of the cow: the faster she goes, the faster the music. From time to time she says how tired she is.
- The three collar lights blink when the cow is moving.
- A big bell makes funny noises.
- Works with 3 AA batteries (included).
- Volume control, silent mode, stops automatically to save batteries.
- 12 months and up.
(French Version Only)

TALKING, MUSICAL ADVENT CALENDAR

A Magnificent Tradition
for Today's Kids

- Starting December 1, your child opens one of 24 pre-cut windows every day to discover a prize to collect (magnets for the fridge or figurines) and with the push of a finger, activates a Christmas song, a different one each time. The magnets form a puzzle 13 cm x 18 cm.
- On December 24, the song is "Petit Papa Noël" by Tino Rossi.
- Works with 2 AA batteries (included).
- 3 years and up.

(French Version Only)

For information: 1 800 463-6181 or www.bojeux.com

CHRONO BLOCS - A talking musical game of speed and skill.

- Assemble the blocks quickly before it begins to quake!!!
- Every player plays in turn:
 - The game indicates to the player what piece to add.
 - The player has only a limited time to add the piece correctly without making the structure collapse.
 - If the player has not placed the piece in the given time, the tower begins to quake.
 - The player who causes the tower to collapse loses.
- 3 levels of increasing difficulty with less and less time to place the blocks.
- Volume control button with silent mode. Stops automatically to save batteries.
- Comes with 18 different sturdy, coloured plastic pieces.
- Works with 3 AAA batteries (included).
- For 6 years and up.
(French Version Only)
